Banking and Money Management News from Settlers Bank of Marietta

## From the CEO

Jim Meagle

Dear friends,

On July 26th Settlers Bank will celebrate its 12 Year Anniversary. It has been our customers and friends who have made us successful over that period. We continue to strive to be "The" Community Bank for Marietta and the surrounding areas. For 12 years the interest and direction of Settlers has been, and continues to be, Washington County and its neighboring counties. To those who believe that is important, we invite you to compare our products and service to other banks whose interest and focus may be in several states or nationwide. We believe we are truly your hometown bank.

The Settlers Family is very proud to have once again been rated and recommended by Bauer Financial, Inc. as a Five-Star Institution, their highest rating, as of March 31, 2011.

At the Bank's organizational meeting on May 23rd the Directors of Settlers Bank elected Donn R. Schafer as President. He retains the title of Chief Financial Officer and will become much more active in the day-to-day administration of the bank in the year to come. I will retain the title of CEO and Chairman of Settlers Bank and President, CEO and Chairman of Third Street Bancshares, our holding company.

Thanks to those of you who have become a customer at Settlers. We appreciate your support in our growth and success over the past 12 years and we look forward to meeting our new customers.

Sincerely,

Jim Meagle Jr.  
CEO

## Business Internet Banking with Settlers Bank

Settlers Bank is introducing an exciting new service for our business customers. Effective September 1, 2011 we will start offering a new and improved version of internet banking exclusively for our business customers.

Business Internet Banking with Settlers Bank (BIBS) has added security coupled with the ability to make payments and collect funds electronically.

**Security:** As a BIBS customer you will be able to take control of the security surrounding your internet banking.

Employees can be granted full or limited access to one or all of your accounts. In addition, you will be able to update access and restrict usage as employees change.

Electronic payments and collections: Qualified customers will be able to process direct deposit payroll for your employees, pay vendors electronically, and collect payments from your customers.

BIBS means more control, better security, efficient payroll processing, and better cash management.

By coupling BIBS with our business products and services you will spend less time on your banking and more time with your business.

## Attention Business Owners: Save Time and Money—Deposit Checks From Your PC

Settlers Bank offers a great way for you to deposit checks to your business checking account anytime, without leaving your office. Remote deposit capture allows you to scan the checks you wish to deposit and submit them electronically. Because you are submitting the checks electronically you can send them anytime...even when the bank is not open. Remote capture saves you time driving to the bank, saves the expense of fuel to get to the bank, and eliminates all the hazards associated with driving (flooding in the spring, road construction in the summer and fall, and ice and snow in the winter).

Let us show you how you can use technology to improve your banking experience.

## Five-Star Banking

Settlers Bank has again been rated and recommended by Bauer Financial Inc. as a five-star institution on March 31, 2011. The Five-Star rating is based on a wide range of criteria including profitability trend, community reinvestment rating (CRA), historical data and liquidity.
